

INTRODUCING
PAW

FUN FETCHER

WELCOME TO PAW, A EDEN GUARDIAN FORGED IN THE EDEN OASIS!

A COMMUNITY TOKEN LIKE NO OTHER PAW

Designed to facilitate social interactions and community engagement within the EDEN Oasis ecosystem. This whitepaper outlines the key features, tokenomics, and functionality of the PAW token, emphasizing its unique reflection mechanism that rewards holders and its role as a social and community token.

\$PAW

THE ULTIMATE COMMUNITY TOKEN WITHIN EDEN

Symbol: \$PAW

Token Name: PAW FUN FETCHER

Blockchain: DogeChain

Total Supply: 420,000,000 YIP

Contract Address:

0xe85342a5Bbe28dd200e5E50ea05031a13519F1Ca

FEATURES FOUND IN PAW

- *Generous Reflection Mechanism: Every transaction incurs an 11% fee, which is then redistributed to all PAW holders, providing continuous rewards and encouraging long-term holding.*
- *Vibrant Community Engagement: PAW is designed to enhance social interactions and facilitate tipping within the EDEN Oasis, making it a perfect tool for fostering a lively and engaged community.*
- *Robust Security Measures: Advanced security features are built into PAW to prevent the accidental loss of tokens and ensure that all transactions are safe and secure.*

REWARDING TOKENOMICS

Enjoy the benefits of a token that not only rewards you for holding but also enhances your interactions within the EDEN Oasis.

PAW's tokenomics are designed to benefit long-term holders through its unique reflection mechanism.

- Reflection Fee: Every transaction is subject to a flat 11% fee.
- Rewarding Redistribution: The collected fee is then redistributed to all existing PAW holders, continually rewarding them for their loyalty and encouraging long-term holding.

This strategic reflection mechanism ensures that as the PAW community grows and transactions increase, so do the rewards for dedicated holders. Embrace the benefits of PAW and enjoy continuous rewards just for being a part of the vibrant EDEN Oasis.

IN TERMS OF DISTRIBUTION, PAW TOKENS ARE ALLOCATED AS FOLLOWS:

30%

New project support, foster collaborations and drive ecosystem growth is held in reserve.

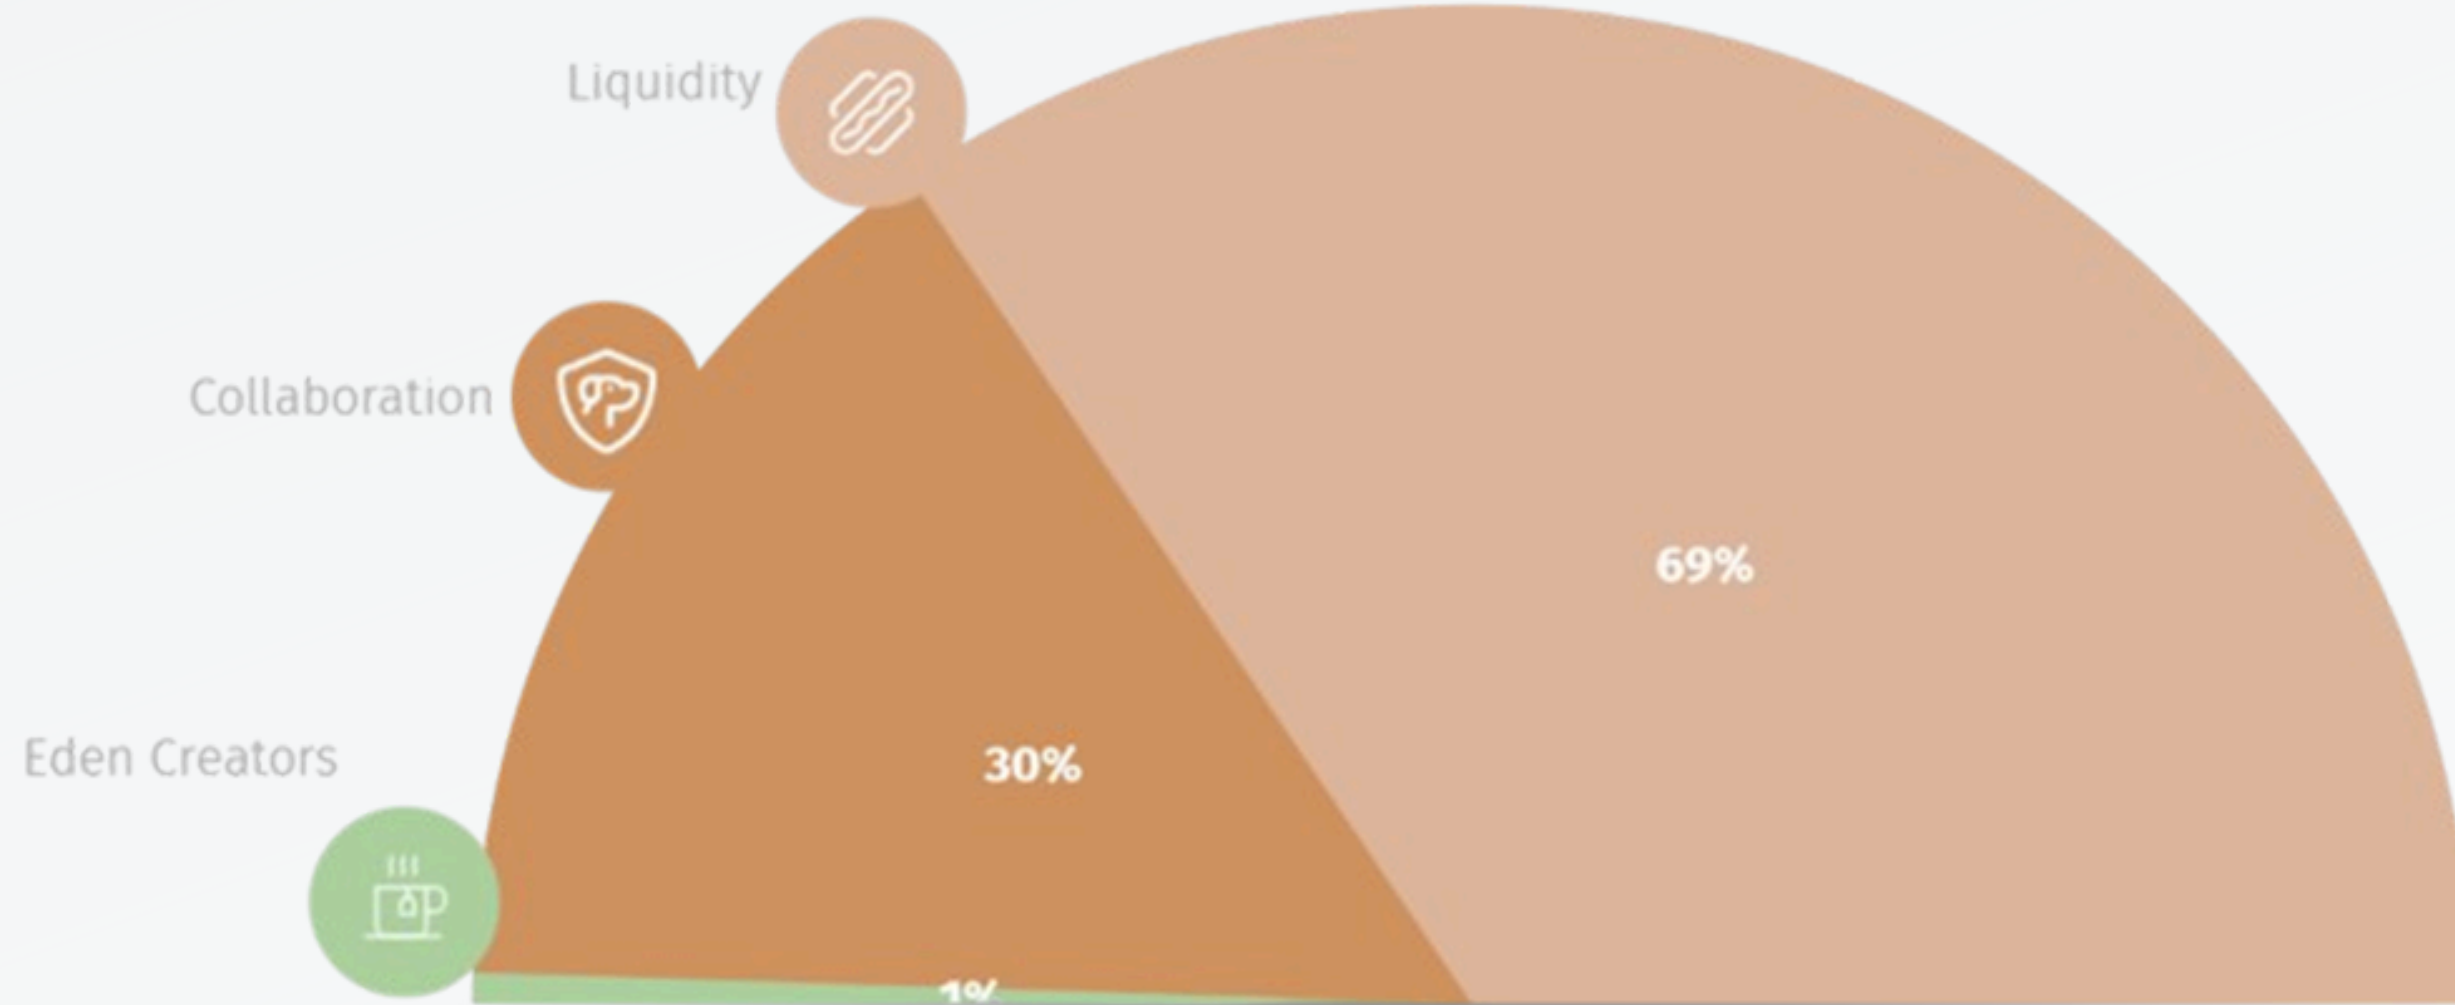

1%

Reserved to honor and preserve the legacy of the creators behind Eden.

69%

The remaining tokens are locked into liquidity pools to ensure stability and support ongoing transactions.

WHAT IT LOOKS LIKE IN CHART FORMAT

UNDERSTANDING PAW'S REELECTION MECHANISM

This thoughtful fee mechanism guarantees that every PAW transaction not only supports the ecosystem but also rewards our dedicated holders, promoting a community of engaged and incentivized participants in the micro social network in EDEN.

- **Smart Fee Collection:** A 11% fee is applied to every transaction, seamlessly integrating into the YIP ecosystem.
- **Fair Fee Redistribution:** The collected fees are proportionately redistributed to all YIP holders, ensuring everyone benefits from the network's activity.
- **Owner Exclusion:** To maintain fairness, the contract owner is excluded from transaction fees, allowing for a more equitable distribution among YIP holders.

STRENGTH IN EDEN

PAW is a social symbol inside the EDEN Oasis ecosystem, designed to facilitate community engagement while rewarding long-term holders through its unique reflection mechanism.

Integrated with the GUARD app, YIP ensures seamless access and management of tokens within the multichain ecosystem of EDEN Oasis.
